

# COMMERCIAL GRADE GLOVES

## CG HEAVY DUTY WITH GENUINE LEATHER

There are some jobs that you just can't settle for anything but the best. For those we've developed the CG Heavy Duty Glove; our top-of-the-line answer for the workforce requiring the ultimate protection against impact, abrasion and fatigue. It's manufactured with features such as comfortable and breathable top quality Genuine Leather, a multi-zone padded palm combined with flexible molded rubber ribbing for protection, and a low profile wrist cuff that allows for a full range of motion when using tools. The CG Heavy Duty Glove can easily handle the toughest punishment your job can dish out.

### KNUCKLE GUARD

Molded rubber design protects against impacts and abrasions.

### 100% LEATHER

All leather palm and dual layer fingertips and thumb offer ultimate durability.

## CG4X IMPACT PRO WITH MATERIAL 4X®

The CG4X Series Impact Pro has protection where it counts. A flexible molded rubber exoskeleton protects the top of your hand from impact and abrasion. Additional Material 4X® reinforces your knuckle, finger and palm creating extremely durable high-wear in abrasion prone areas. When the toughest job calls for the toughest gloves, feel safe knowing this is the glove built for extreme protection.
