3M CP Sealant 25WB+ offers outstanding fire performance plus a non-halogen formula.

- **Rating** – Provides up to 4 hour rating of UL systems tested
- **Water base** – easy cleanup, no special handling, routine disposal
- **Intumescent** – expands when heated to choke and seal around items consumed by fire
- **Endothermic** – releases chemically bound water to cool exposed surfaces
- **Fast-dry** – tack-free in approximately 10-15 minutes
- **Red color** for easy inspection
